Offset frequency (Hz)
Measured complex I/Q: includes amplitude and phase fluctuations
PSD / mean |I+jQ|², dB/Hz
Offset frequency (Hz)
Fractional magnitude fluctuations after complex averaging
PSD of |I+jQ| / mean magnitude, dB/Hz
Offset frequency (Hz)
Positive and negative sidebands summed; Welch Hann windows, 29.30 Hz bins.
These are phasor spectra, not calibrated Sφ in rad²/Hz. Monitor aliasing is not corrected.
